

## **Conference on the 9/11 Pentagon Evidence**

**University Park United Methodist Church (East Fellowship Hall)  
2180 S University Blvd, Denver, CO 80210**

**May 4, 2019 / 9:30 am – 5:00 pm**

### [Tickets](#)

**[GoFundMe -- https://www.gofundme.com/conference-on-the-911-pentagon-evidence](https://www.gofundme.com/conference-on-the-911-pentagon-evidence)**

**[This is an expensive event. If this effort is meaningful for you, please contribute.]**

[Scientists for 9/11 Truth](#) and the [International Center for 9/11 Studies](#) will be sponsoring a “Conference on the 9/11 Pentagon Evidence” on May 4 in Denver, Colorado, hosted by [Colorado 9/11 Truth](#). To date we have three co-sponsors: [Northern California 9/11 Truth Alliance](#) and [911Truth.org](#), and Michael Wolsey of [visibility911.org](#). Other groups are invited to co-sponsor this event.

The 9/11 Truth Movement’s strongest and most rigorously verified evidence-based theory is the explosive demolition of the Twin Towers and Building 7 at the World Trade Center.

By contrast, the Truth Movement’s most contentious and divisive issue has been the question of what happened at the Pentagon. The early study of the Pentagon was plagued by lack of information and misinformation, much of which has persisted. But even though we now have more evidence, most current theories fail to address the full range of evidence, especially that which supports large plane impact. Why? For all of us, anchoring and confirmation bias make it hard to let go of initial impressions. The scientific method requires us to challenge our biases as we seek truth.

A key word for this conference is “evidence.” Addressing all of the currently known relevant evidence is a crucial component of the scientific process – a process in which anyone can participate. The goal is to put all of the evidence on the table, not to end discussion, but to be the basis for ongoing discussion. We

believe the current evidence supports large plane impact of the Pentagon. Scientific conclusions remain fluid, however, so all research remains open to critique.

The goals of this conference are to present current evidence that any viable theory must address and to put the discussion of what happened at the Pentagon on a solid scientific footing to make our movement as strong as possible. If the Truth Movement ever gets real traction in a court of law or with society at large, we will be attacked at our weakest point. Our adversaries are very powerful and have the media at their beck and call. If we are shown to be in disarray on such a major issue as the Pentagon, our good work proving demolition at the World Trade Center might well be ignored. Thus we welcome your participation in this conference and your questions as we continue in the search for truth.

The invited speakers at this event are, in alphabetical order, David Chandler, Wayne Coste, Ken Jenkins, Warren Stutt, and John D. Wyndham, all of whom have done active scientific research on the evidence at the Pentagon. We invite you to join us in Denver on May 4 and/or help us defray the costs by contributing financially through our [GoFundMe](#) account. The event will be videotaped.

*We invite 9/11 Truth organizations and individuals to co-sponsor this event. Sponsorship does not imply endorsement of the particular conclusions of the various presenters, but implies support for the goals and process that are being advocated. Let us know if you or your group would like to be listed as a co-sponsor.*

### **Presenters and their 9/11 Pentagon Evidence Research**

**David Chandler;** BS (IPS) Physics/Engineering, Harvey Mudd College; MA Education, Claremont Graduate University; MS Mathematics, California Polytechnic University; Coordinator, Scientists for 9/11 Truth; Board, International Center for 9/11 Studies

[A Joint Statement on the Pentagon](#) (with Jonathan Cole)

[Pentagon Plane Puzzle + Going Beyond Speculation](#) (with Ken Jenkins)

[The Pentagon Attack on 9/11: A Refutation of the Pentagon Flyover Hypothesis Based on Analysis of the Flight Path](#) and [Addendum](#) (with Frank Legge)

[Critique of CIT's Fundamentally Flawed Methodology](#)

[Blink Comparator Views of the Plane at the Pentagon](#)

**Wayne Coste;** BS Electrical Engineering, University of Connecticut

[Explanation of the Evidence at the Pentagon on 9/11 – Answering the 9/11 Consensus Panel Challenge](#)

**Ken Jenkins;** BS Electrical Engineering, Carnegie-Mellon University; Post graduate studies, Psychology

[Pentagon Plane Puzzle + Going Beyond Speculation](#) (with David Chandler)

[The Truth is Not Enough: How to Overcome Emotional Barriers to 9/11 Truth](#)

[The 85 Pentagon Area Surveillance Cameras](#)

[Why Not Use a Plane? -- Fake vs. Real Events](#) (with Frank Legge)

**Warren Stutt**; BSc (Hons) Comp. Sci., Auckland University

[Flight AA77 on 9/11: New FDR Analysis Supports the Official Flight Path Leading to Impact with the Pentagon](#) (with Frank Legge)

[A Response to Pilots for 9/11 Truth](#) (with Frank Legge)

**John D. Wyndham**; PhD Physics, Cambridge University (U.K.); Board, Scientists for 9/11 Truth

[Bringing Closure to the 9/11 Pentagon Debate](#)

[The Pentagon Event: The Honegger Hypothesis Refuted, Ver 2](#) (with Victoria Ashley, David Chandler, Jonathan H. Cole, Jim Hoffman, Ken Jenkins, Frank Legge)

[The Pentagon Attack: Eyewitnesses, Debris Flow and Other Issues – A Reply to Fletcher and Eastman](#)

[The Pentagon Attack: The Event Time Revisited](#)

[The Pentagon Attack: Problems with Theories Alternative to Large Plane Impact](#)

### **Other Information:**

La Quinta Inn Denver Cherry Creek will offer conference attendees a \$15 dollar discount for a total of \$80.10. Please mention the “Conference for 9/11 Pentagon Evidence” sponsored by Scientists for 9/11 Truth. Also mention our other sponsor, International Center for 9/11 Studies (a 501c3) to qualify for a tax-free motel charge. **Book your room BEFORE April 24 to qualify for these rates.**

### **The University Park United Methodist Church information and rules for their property:**

- No alcohol or other drugs, no smoking, no pets except service animals, and respectful treatment of property and persons at all times.
- This is a handicap accessible building.
- (Probably) adequate parking is available behind the church in the parking lot. If this lot fills, you will need to park a few blocks to the east to avoid a one-hour parking limit.
- From the parking lot, enter through the double doors at the back of the building and take the elevator downstairs; walk to the East Fellowship Hall. (If you try the stairs, you might get lost!)

### **Scientists for 9/11 Truth guidelines for the day:**

- This event will be video taped, so be aware of the presence of cameras. The audience should consider themselves to be a “studio audience” and will be asked to conduct themselves accordingly, which includes no videoing or audio recording of the conference. If photos are taken, no flashes are to be used.
- All participants are expected to model how controversial issues can be discussed at the level of evidence rather than ad hominem remarks about those who hold different theories.
- We invite your questions! Questions will be answered during the Q&A period after all of the presentations are completed. Bring scratch paper so you can take notes and then write your questions on the available index cards if they have not been answered.

Attendees will be invited to an after-event, private gathering at the home of Fran Shure and David Chandler for further discussion, food, drink, and good cheer!
